

The four temporal movements in plain language

Each card compresses the dynamic heatmap into four interpretable movement directions.

D1 Compacting locally uneven

93 subfields | dominant domain: Health Sciences (40%)

Territory		DOWN	-0.81
Neighborhood		DOWN	-0.83
Hubness		UP	+0.53
Dimensionality		DOWN	-0.28

D2 Broadening hub-diffusing

58 subfields | dominant domain: Physical Sciences (53%)

Territory		UP	+0.95
Neighborhood		UP	+0.64
Hubness		DOWN	-0.86
Dimensionality		DOWN	-0.68

D3 Smoothing sparse-neighborhood

54 subfields | dominant domain: Social Sciences (56%)

Territory		UP	+0.47
Neighborhood		UP	+0.87
Hubness		DOWN	-0.52
Dimensionality		UP	+0.46

D4 Dimensionalizing hub-concentrating

35 subfields | dominant domain: Life Sciences (34%)

Territory		FLAT	-0.14
Neighborhood		DOWN	-0.20
Hubness		UP	+0.83
Dimensionality		UP	+1.17
